ST. JOHN SAFETY POLICY

Parents/Guardians, please escort your younger children to their assigned classrooms and plan to stay with them until the teacher arrives to their classroom. All students will be dismissed at the same time during worship, so please be with your child at worship. There are a lot of people here on Wednesday nights, so we need your help making sure all children are safe.

As partners in this Christian community, your signature demonstrates a promise that you will take an active role in your child's spiritual development. As we cross the generations, St. John hopes to help equip you as parents to be faith leaders for your children. St John will provide faith formation opportunities, which you are invited to participate alongside your child. These include Milestone Ministries, special cross-generational events, and weekly worship on Wednesday nights. Your participation will be the difference in your child's faith formation.
